

## ***Our Stylists are Cutting Edge***

A great haircut is like a work of art. It communicates your unique style and personality. The talented and creative team of hair stylists at the Ohio Chop Shop always consult with you at every appointment to ensure we deliver the look you desire.

Founded in 2008, the Ohio Chop Shop was born from owner Ana's passion for the fashion and beauty industry. The vision was simple, offer world class salon and spa services in an upbeat modern atmosphere, while respecting our environment. The concept was a hit, and Ohio Chop Shop was fast on it's way to making waves in the Lancaster beauty industry. After two exciting years, the Ohio Chop Shop was outgrowing the original 2400 square foot space located in the historic Akron Tire Factory. When additional space became available adjacent to the existing salon, Ana jumped at it. By adding close to 2600 square feet of ultimate spa space, and more than doubling in size, the Ohio Chop Shop was now poised to command the Akron health and beauty market. Virtually simultaneously Ana reconnected with long time acquaintance Nate and a new Chop Shop partnership was forged. Having worked for some of entertainments most popular celebrities and in some of the most prestigious salons in the world, Nate was able to bring something completely unique to Akron.. Armed with a shared vision, an incredible team, and an unrelenting commitment to your ultimate satisfaction Ana and Nate are prepared to take something already special and make it something exceptional. We welcome you to experience where we have been and where we are, and we invite you to see what we will become!

#### SALON POLICIES

Please be compassionate in remembering we are an appointment-preferred salon. This means we reserve only enough time for you. We require 24 hour notice when canceling your appointment, so our stylists can find a replacement, and maintain their income and livelihood. We reserve the right to charge the price of a missed appointment. Thanks for your help and understanding and keeping us in business and our stylists working.

#### CHILDREN

Our goal is to ensure your child's safety and to provide an environment in which our technicians can focus completely on each of their clients.

Children are not permitted in the service area unless they are receiving a service themselves. For guests of the salon that must bring their children we offer an unsupervised children's room. Unfortunately we are not able to offer the use of this room to guests receiving spa services due to it being unsupervised and the parent being unable to attend to the child's needs.
